HE REFUSED TO SPEAK TO HER. and I think he was offended, as he never visited her after that time, and pointedly avoided her. This was prior to his

attentions to Miss Mary Butler.
Some days since I remarked to Miss Butler that Mr. Jenkins was in town. She replied that she did not care if she never saw him again. I do not think they were ever engaged, for I know her to be engaged to Mr. Pickens, of Rapides parish. Some two or three weeks since she told me that Mr. Borden was going to perform the marriage ceremony and wanted me to be present at the time, which would be as soon after her arrival at home as she could get ready. I knew that much preparation had been made Miss Mary J. Baldwin,...

for her wedding.
She was very intimate with our family-more so than any one else. She even told me the contents of all letters from home. She and her sister were very devoted to their brothers, even writing them of all little incidents and occurences at the college, telling them when they would miss a lesson or be detained after reception hours.

In November a large number of our teachers and pupils, with my family, went on an excursion with the Misses Butler to their home, where we remaind from Friday until Sunday evening, AGRICULTURAL AND which time Mr. Pickens called to see Miss Butler quite frequently, and it was well known that

On Tuesday evening, before the closing exercises on Wednesday, Mr. Jenkins asked Mr. Borden's permission to take a buggy ride with Miss Butler, which he declined to allow, as long as she remained a student. On Wednesday afternoon, after closing of the commencement exercises, he did take a ride with her.

Mr. Borden always spoke highly and kindly of Mr. Jenkins, and Mrs. Borden knew of no reason for his (Jenkins') \$145. course. She has every confidence in her husband's integrity, and believes him entirely innocent. He was always delicate and modest, even in the privacy e badly, but you can think of his own room. His intercourse with every one was devoid of familiari-

PRYOR'S OINTMEN

READ THE TESTIMONIALS: This is to certify that I have tried Pryor's Pile Ontunent in a case of piles, and state that it gave more relief than anything I have ever tried. I further state that as a remedy for burns it is unparalized. I also used it for a case of totter in my lest, of twenty years' standing, and say that it in the first thing that I have ever tried that gave man more than momentary relief. I consider how that I am entirely relieved from that distressing disease.

JOHN D. NEWSOM.

Troup County, Ga.

Having been afflicted for ten years, at intervala, with that distressing malady, the piles, and after many ineffectual trials of the remedies in common use, I commerced a short time ago to use your Pile Ontainent. I experienced immediate relief. From the relief experienced in my case, as well as from the reputation se rapidly acquired by your Cintiment in this vicinity. I have no hesitation in expressing the opinion that it is the most efficient remedy for piles ever invented.

O. A. BULL.

LaGrange, Ga.

This is to certify that I used Pryor's Cintment in a case of severe burn, and that in a very few days it was entirely relieved of all inflammation, and healed rapidly. After the first application of the Cintment, the patient suffered no pain whatever.

E. J. MOBGAN, LaGrange, Ga.

By the advice of Mr. Wyne, I used your Pile Ointment on a servant girl who had been suffering for eight years with a most aggravated case of piles. She improved from the very first day's use of your Ointment, and before using the box she was entirely recovered. G. W. PONTER. Cussets, Ala.

This is to certify that I have used Pryor's Pile Ontmest, and say that it is, in my opinion, the best remedy for piles ever presented to the public I say this from a positive application of the remedy on my own person.

GENTS-I cannot find words with which to express my gratitude to you for the cure your Swift's Specific has effected in my case. I was afflicted with the horrible blood disease for three years, and after spending some time at the Hot Springs, considered my case a hopeless one. I used only one dozen small bottles of S. S. S. and there is not a sign of the disesse remaining. My sores are all healed, my throat is entire-

ly well am rid SSS ble dis-ease. Be-ing a drug clerk, I have seen so many hundreds of men dosed with Calomel, Iodide of Mercury and Iodide of Potash, until they were made complete wrecks, that I shudder to think of the misery which has been brought on the human family by the use of Mercurials for Blood Diseases. It is a crying shame that physicians will not acknowledge the merit of your GRAND Blood Medicine. Use my name as you wish. THE RAPP.
